

Executive Habits Checklist

Daily Systems for Peak Performance

The Power of Systems

You don't rise to the level of your goals.

You fall to the level of your systems.

Habits are the compound interest of self-improvement.

1% better every day = 37x better in a year

1% worse every day = nearly zero in a year

The difference? Daily habits.

Habit Tracking

Track Daily (1-10 rating):

- Sleep quality
- Energy levels
- Nutrition quality
- Movement completed
- Stress levels (inverse)
- Focus/productivity
- Mood/mindset

Goal: Average 8+ for 30 days

If below 8:

- Identify the gap
- Adjust one variable
- Track for 7 days
- Reassess

Remember: Track what matters, improve what you track.
