

The Executive Energy System™

Workbook & Assessment

Welcome to Your High-Performance Blueprint

This workbook is your companion to The Executive Energy System. It contains the frameworks, assessments, and implementation guides you need to turn burnout into breakthrough. Use it to diagnose your current state and build your personalized protocol for peak performance.

Part 1: The Executive Energy Assessment™

Instructions: Rate yourself on a scale of 1 (Low) to 10 (High) for each area. Be honest. This is your baseline.

Pillar 1: Mindset & Resilience

- My ability to maintain a positive, growth-oriented mindset: / 10
- My resilience in the face of setbacks or high pressure: / 10
- My ability to access a state of "flow" on demand: / 10

Pillar 2: Physical Energy & Recovery

- My average sleep quality (7-9 hours, uninterrupted): / 10
- My daily nutrition and hydration for sustained energy: / 10
- My protocols for physical recovery (e.g., stretching, active recovery): /

Pillar 3: Emotional & Cognitive Energy

- My ability to manage stress and control my nervous system: ____ / 10
- My daily energy levels (without reliance on caffeine): ____ / 10
- My ability to focus deeply on a single task without distraction: ____ / 10
- My use of data (wearables, etc.) to inform my wellness choices: ____ / 10

Total Score: ____ / 100

Analysis: * **80-100:** Elite. You are operating at a high level. * **60-79:** Strong. You have a solid foundation but key areas for optimization. * **Below 60:** Foundational. This course will be transformative for you.

Part 2: Core Frameworks & Implementation

Lesson 1: The Three-Horizon Performance Model

- **Horizon 1 (Now):** Daily Execution & Energy Management.
 - *My H1 Goal:* _____
- **Horizon 2 (Next):** Skill Development & Strategic Growth.
 - *My H2 Goal:* _____
- **Horizon 3 (Future):** Long-Term Vision & Legacy.
 - *My H3 Goal:* _____

Lesson 2: The S.L.E.E.P. Protocol

- **S (Set a Schedule):** My consistent bedtime/wake-up time is: ____
- **L (Limit Stimulants):** My caffeine/alcohol cutoff time is: ____
- **E (Engineer Your Environment):** My bedroom is cool (____ °F), dark (____ % blackout), and quiet (____ dB).
- **E (Establish a Routine):** My 30-min wind-down routine includes: _____
- **P (Prioritize Sunlight):** I get ____ minutes of morning sunlight at approx. ____ AM.

Lesson 3: The Metabolic Flexibility Matrix

- **Goal:** Train your body to efficiently switch between carbs and fat for fuel.
- **Action 1 (Fasted Training):** I will incorporate minutes of low-intensity fasted cardio times per week.
- **Action 2 (Carb Timing):** I will consume most of my complex carbs around my workouts (before/after).

Lesson 4: The Stress Inoculation Protocol

- **Identify Stressor:** A recurring high-stakes situation is: _____
- **Simulate:** How can I practice this in a low-stakes way? _____
- **Implement Breathwork:** I will use the 4-7-8 breath before my next high-pressure event.

Lesson 5: The Energy Portfolio Model

- **Physical Energy:** My top investment is: . ***My top withdrawal is:*** .
- **Cognitive Energy:** My top investment is: . ***My top withdrawal is:*** .
- **Emotional Energy:** My top investment is: . ***My top withdrawal is:*** .

This workbook is a starting point. True mastery comes from consistent application. Revisit this assessment monthly to track your progress.
